RE: MB Docket No. 04-233

Dear FCC:

This is to encourage you to keep K-Love on the air as it is a terrific, wholesome, family radio station that my family listens to all day long at home, and in the car. We hear K-LOVE on 88.3, 102.7 and 99.3 in the Redding, California area. We would be very discouraged if K-Love was displaced by an LPFM broadcast as this is the only Christian Radio Station we get in this area. It is encouraging and ministers to us in many different areas of our lives and my teen listens to Christian music, not secular music. This is in the best interest of not only my family, but the entire community as it is encouraging, positive and speaks to each person where they are in their daily lives and challenges of daily living in this secular world.

Please do NOT allow LPFM broadcasting in these airwaves.

Sincerely,

Linda J. Lingo
